Financial support for people affected by the flood Representatives of the largest companies support the region of Košice

Košice June 21, 2010 – Many people were not uncaring to extensive flood by which whole Slovakia and mainly the east of the country was affected between May and June 2010.

Representatives of the largest business entities of the region – U. S. Steel Košice, VSE, T-Systems Slovakia and Ness – perceive the problems of municipalities and districts of Košice which fought destructive power of water and landslide. Therefore they have decided to join financial sources to help municipalities and their inhabitants affected by the flood.

The joint financial gift of the companies U. S. Steel Košice, VSE, T-Systems Slovakia and Ness in amount of EUR 220,000 shall be divided as follows:

- City of Košice – EUR 27,500 for the most allocated problems in district of Krásna
- Košický samosprávny kraj (Self-governing region of Košice) – EUR 192,500 for the most urgent problems in following municipalities:

Nižná Myšľa – EUR 82,500
Čaňa – EUR 27,500
Sady nad Torysou – EUR 27,500
Vyšná Hutka – EUR 27,500
Ždaňa – EUR 27,500

We hope that apart from our technical help and donation of our financial sources we will be able to provide effective help to affected inhabitants of municipalities in question and our attitude shall be inspiring for other business organizations or entities not only in the region, but also in the Slovakia.

The sources collected shall be used for particular projects and these shall be carried out under the supervision of the representatives of companies mentioned in order to secure their transparent utilization.
